ReSound Magna™

# ReSound

rediscover hearing

ReSound® helps people rediscover hearing. We develop hearing solutions that emulate the natural ear to let people forget their hearing loss and that they wear hearing instruments – enabling them to live rich, active and fulfilling lives.

rediscover hearing

## Choose ReSound Magna for more active living

At ReSound, we understand that having a severe to profound hearing loss presents significant challenges for hearing in daily life. That's why we've developed ReSound Magna™ – our new, digital super power BTE, with advanced technology and features that will empower you to get more out of your hearing. So you can live the life you want.

## 1 Experience more power without feedback

ReSound Magna is one the most powerful BTEs in the market, providing more amplification in the situations where you need it the most. Thanks to the excellent feedback suppression system DFS Ultra™, ReSound Magna will keep the power level high without annoying feedback.

## 2 Get better speech understanding and great sound quality

With ReSound Magna, you can enjoy a rich, detailed amplification with great sound quality – thanks to the unique Surround Sound by ReSound™ technology.

And ReSound Magna's advanced directionality feature makes it easier to distinguish where speech and other important sounds are coming from improving speech understanding in noise. Furthermore, ReSound Magna reduces wind noise, enabling you to hear more comfortably outdoors.

## 3 Hear more of the high tones

ReSound Magna also comes equipped with Sound Shaper™ – an advanced algorithm that makes sounds that are normally impossible to hear audible again. This means that important speech cues are enhanced, just as bird sounds and children's voices are more clearly audible.

## 4 Enjoy attractive, ergonomic and durable design

ReSound Magna is built with heavy usage, easy handling and aesthetics in mind. It's robust and fully coated from the inside out with iSolate™ nanotech – a superior and durable treatment that makes it highly water repellent – all to support an active lifestyle.
